Global Autofry<sup>3</sup> Donut Machine  
*Designed with your needs in mind!*

# Why choose Global Autofry<sup>3</sup>?

Designed with you and your customers' in mind, the Global Autofry<sup>3</sup> Donut Machine is the safer and stronger alternative with all the features you need to create a better and more profitable cake donut. All components are designed to reduce maintenance and downtime.

- >> The Global Autofry<sup>3</sup> has less moving parts for better machine efficiency and longevity.
- >> The dropper ring is removable and can easily be replaced if required.
- >> Components pull apart quickly for easy cleaning.

Clearly visible oil fill indicator to avoid over or under filling.

2 stage thermostat.

Safety emergency switch easy to reach and away from hot oil.

Automatic over temperature protection and conveyor sensors work to maintain safe operation. Automatic cut-out switches shut the unit down if oil has not melted.

High capacity 7.5 kg double head hopper with removable divider allow you to fry two different flavors in different sizes at the same time.

Automated and precise turning times for consistent results.

Quiet day? Simply switch off one side. There's no need to adjust the unit to lower production!

Robust stainless steel and aluminium construction with fewer moving parts for maximum durability and minimum maintenance.

Intergrated foot locking system secures the machine to any flat surface.

*integrated canopy, bench and drain system*

*under development*

*standard inclusions*

>> Hot oil siphon for simplified cleaning

>> Carousel for automatic cooling

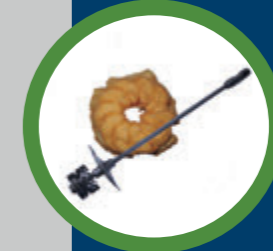

Independent cutter operation with purging option and user friendly control panel with light indicators.

*optional attachments*

Oil draining kit

Cruller cutterhead

Mini donut system

Stainless steel bench

Ask us about the convenient integrated system complete with an exhaust canopy, bench and drain kit. There's even an optional glass rear panel for your customers to safely watch as their donut is prepared fresh in front of their eyes.

Conveyor feed specifically designed for the production of yeast donuts!
